

Over 25 years of continuous performance  
on the most intricate 100,000 kilometers in the world.

Whether repairing an aortic aneurysm or treating atherosclerosis, vascular surgeons trust GORE Medical Products in the most demanding procedures. The inventors of ePTFE, we hold hundreds of patents exploring how this material performs—in nearly every life-saving application. Our innovative vascular repair solutions will continue to redefine expectations for both open surgical and minimally invasive approaches.
