

A great fit

for fistula repair

PERFORMANCE by design

Introducing GORE BIO-A Fistula Plug—the next generation of sphincter-preserving anal fistula repair.

GORE BIO-A Fistula Plug combines a proven, synthetic bioabsorbable material with a patented design engineered to optimize operative success.

- Robust device placement
- Engineered to conform to the tract and reduce the potential for failure due to fall-out
- One configuration tailorable to fit most fistula shapes and sizes
- Proven 100% bioabsorbable scaffold facilitates tissue generation and healing

Insist on a great fit for fistula repair: GORE BIO-A Fistula Plug.
