

Together, improving life

GORE TIPS Set

DESIGNED TO DELIVER

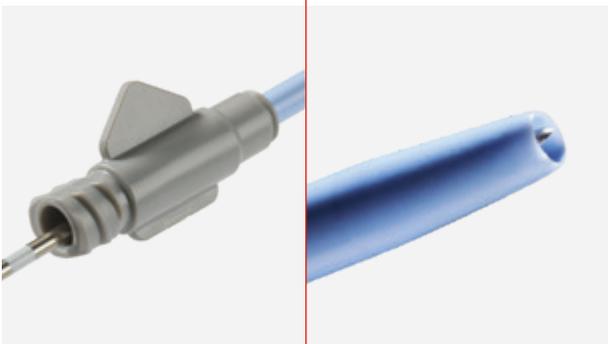

Advanced accessories
exclusively tailored for
TIPS procedures.

GORE TIPS Needle

Ergonomic handle enhances grip and needle control.

Direction indicators verify component alignment during device preparation and initial insertion.

Status band confirms needle tip protection.

Stiff 16 Gauge needle provides responsive needle torque control.

The GORE TIPS Needle features a status band that when visible confirms that the needle tip is covered.

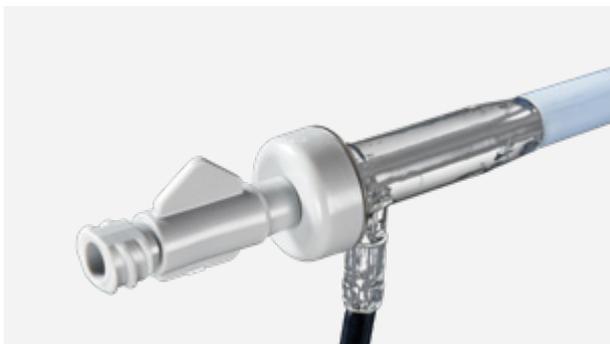

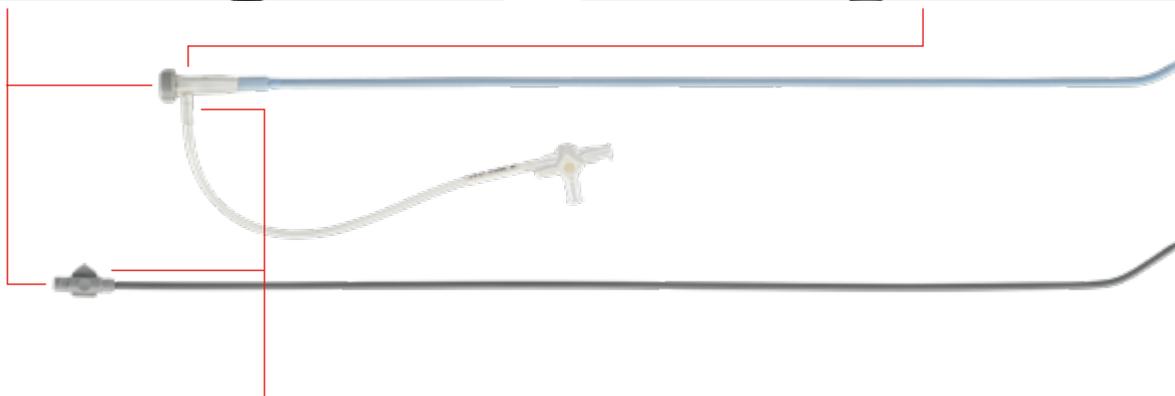

Sharp needle tip aids precise needle puncture.

GORE® TIPS Sheath

Interlocking feature secures dilator hub and 10 Fr introducer sheath during advancement.

Transparent tapered hub provides clear view of access sleeve and device delivery catheter.

Direction indicators verify component alignment during device preparation and initial insertion.

The GORE TIPS Set consists of the GORE® TIPS Sheath and the GORE TIPS Needle.

The GORE TIPS Needle consists of a high-strength, stiff 16 Gauge stainless steel hollow shaft needle and 10 Fr guiding catheter.

The GORE® TIPS Sheath consists of a flexible 10 Fr introducer sheath with a hemostatic valve and a 10 Fr dilator.
